### MAY DELAY ELECTION

ATTORNEYS REPRESENTING INJUNCTION SUITS MAY APPEAL TO HIGHEST COURT.

Oklahoma City, June 29.—It is probable that the attorneys representing the divided Oklahoma counties in the injunction suits against the constitutional convention, decided by the Oklahoma supreme court adversely to the plaintiffs, will apply to the United States supreme court for a super-decision staying the judgment of the Oklahoma court until the cause can be ascertained on appeal. In this event the election on the constitution would be further delayed.

**Death Sentence for Gibson.**  
Cuero, Tex., June 29.—The jury in the Monk Gibson case said by their verdict that he is guilty of murder in the first degree and assessed his penalty at death.

## THREE HELD FOR MURDER

CORONER'S JURY CLOSES TESTIMONY IN MEADOWS CASE.

### AFTER A WEEKS' SESSION

Verdict Recommends that Rudolph Tegeler, Lila Meadows and Dorothy Keith be Held on Charge of Murder of James Meadows.

Oklahoma City, June 29.—After spending almost a week in probing into and taking evidence in the circumstances surrounding the death of James R. Meadows, the murdered construction foreman of the Pioneer Telephone company, the jury today handed down a unanimous verdict holding Mrs. James R. Meadows, the wife; Mrs. Dorothy Priest Keith, the nurse of Mrs. Meadows, and Rudolph Tegeler.

The verdict was rendered shortly after ten o'clock last night. The jury was in session but a short time yesterday and only one witness was examined. An adjournment was then taken, as O. A. Mitscher, one of the jurymen, was called out of the city on a short business mission.

As soon as he returned the verdict was prepared, agreed to and signed. Mrs. Meadows, Mrs. Keith and Rudolph Tegeler will now be held by the court authorities to await the action of the grand jury.

The session of the coroner's jury is one of the longest that has been held in Oklahoma. To begin with the mystery was one of the most complex in Oklahoma criminal annals. With hardly a clue to begin work on, the authorities have piled up a mass of evidence, and practically all of it was handed over to the coroner's jury. The greater portion of it was heard behind closed doors.

The verdict follows:  
"The jury finds that James R. Meadows came to his death on June 4, 1907, by gunshot wounds inflicted by Rudolph Tegeler, and that Lila Meadows and Dorothy Keith counselled, advised, aided and abetted in the commission of said crime, and recommended that all of said defendants be held for preliminary hearing before some justice of the peace on the charge of murder.

### ROAD TAX TROUBLE

FEDERAL MEAT INSPECTOR AT GREENVILLE WILL NOT PAY ROAD TAX.

Washington, June 29.—If the city of Greenville, Texas, doesn't quit trying to make W. F. McCarty pay a road tax there is going to be complications. This was not what Secretary Wilson of the department of agriculture said this afternoon, but it amounted to that. Mr. McCarty is a government meat inspector, detailed for duty at Greenville.

Nearly a month ago McCarty wrote the department that he had been called on to pay his road tax and had refused. Nevertheless he was served with a notice by the city marshal to the effect that as he had refused to pay the tax he would be expected to work on the streets for five days.

Mr. McCarty did not report and the department wrote him he had acted properly, as he was exempt from such taxation. But demands upon McCarty for the payment of that tax have continued, and finally Solicitor McCabe of the department has written him that if he is further disturbed by the city officials to wire the department and the district attorney will be directed to take the matter to the courts.

It is said that a similar case has never before arisen.

### TO CUT OUT PASSES

IN ORDER THAT TWO-CENT LAW MAY BE GIVEN FAIR TRIAL IN MISSOURI.

By Associated Press.  
Kansas City, Mo., June 29.—Attorney General Hadley has requested that the railroads in Missouri cancel the thousands of state passes now in the hands of persons other than railroad employees, so that the three months' test of the two-cent law, recently ordered by Federal Judge McPherson may be a fair one. Hadley says if these passes continue in force, no true estimate of the workings of the law can be made.

## DISRUPT ORCHARD'S STORY NOT PRESENT AT EXPLOSION

By Associated Press.  
Boise, Idaho, June 29.—In the Haywood trial this morning, Dominick Flynn of Mulien, Idaho, testified that Orchard on April 29, 1895, the day of the explosion of Bunker Hill and Sullivan mines, was playing poker in his place.

This is the second witness to testify Orchard was playing poker on that day in Mulien. He says he helped light the fuse under the mill at Wardner, eighteen miles distant.

Patrick McHale, bartender in Mulien, followed, and testified he played in games at Mulien, with Orchard on the day in question. McHale declared he was positive that Orchard was not at Wardner on the day of the mill explosion.

"Then," said Borah, on cross examination, "Orchard had nothing to fear

## JAPANESE UNREST INCREASING FRISCO REFUSES PRIVILEGES

San Francisco, June 29.—Rev. Henry C. Malbrida, general secretary of the American Baptist Union, who arrived on the Korea yesterday, has been on a four months' tour of the country, inspecting mission stations. He gave a careful study to the Japanese strength.

"They have a standing army of a million men," he said, "and their drill work is not the performance of perfunctory evolutions. They go at it in great earnestness. No nation can afford to hold Japanese efficiency or valor in contempt. There is an increasing feeling beneath the surface of uneasiness and sensitiveness in regard to our immigration policy and the treatment of her subjects. It is not so manifest as reports endeavor to convey that thoughtful, substantial men are disposed to be patient and trust to the good intentions of our country and our officials for an amicable adjustment of difficulties with regard to Japanese rights."
